Kirk Session Account Books and Wills

Having completed first the Kirk Session Minutes for Old Cumnock, our intrepid volunteer Yvonne Saunderson, has worked her way through the account books. There are 2 large spreadsheets listing names and details, eg "Widow" Hutchison 5s 3d awarded for shoes 30/04/1799

I have converted them into pdf but it doesn't all fit. Have uploaded them anyway. If anyone can help with pdfs, please get in touch. Find the Kirk Session records under Publications Menu [here](#)

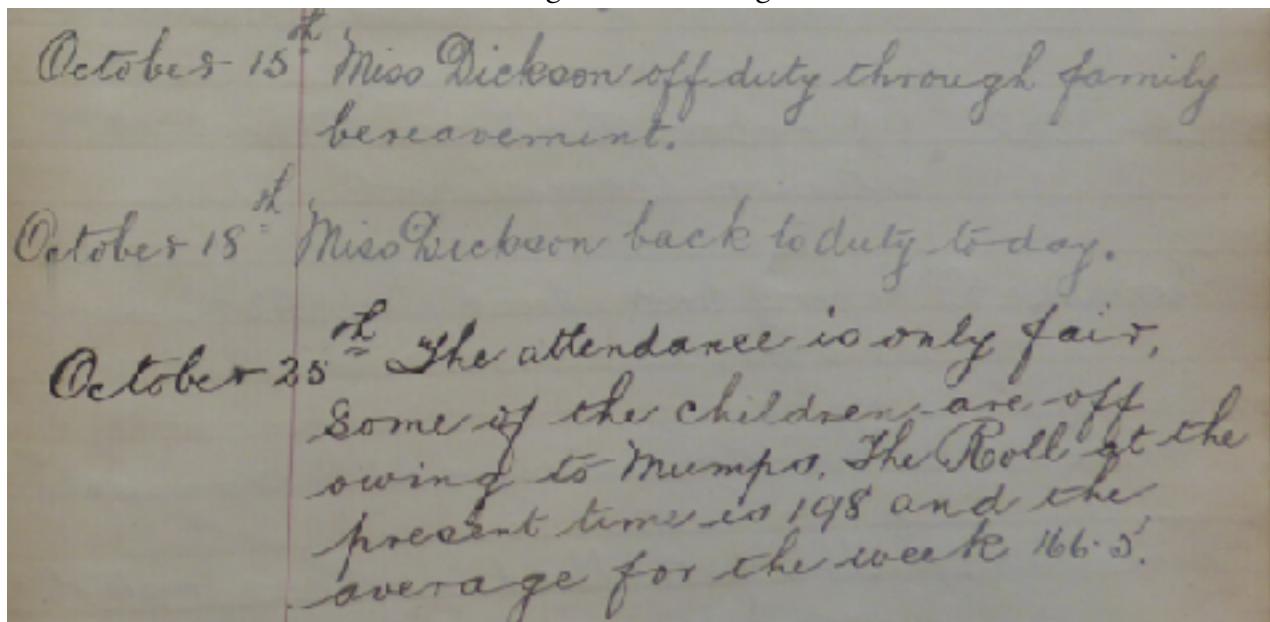

These may be the only records of some of these people's existence. If a relationship to another person is mentioned then they are added to the Cumnock Connections tree.

Yvonne is also tackling wills dating from the 16th century! What a woman!

Cumnock Public School log book 1874-1921

Volunteer Ian Fraser has photographed all 259 pages, a big undertaking. I have transcribed some of them. Most is just about attendance or visits of school board members but there's mention of the pupil teachers by name: Marion Crichton Dawson, Jane McKerrow Hillhouse, Christina Nisbet, John Taylor Smith. These were girls or boys aged about 14. There was quite a turnover. The painter Thomas Bonar Lyon 1873-1955 was art adviser in 1913. Again the names and information are added to the Cumnock Connections tree.

Thanks to all our volunteers who are adding to our knowledge base.

1920, a typical entry

Parish Project: Cumnock

The History Group was happy to be involved in this cultural project managed by Rab Wilson And Seán Gray.

The group created a Cumnock Alphabet and the resulting poster, coasters and tote bags are available in our online shop.

John McGhee in Antarctica 1961

One of the most read stories so far is **The Italian Connection** by Roberta McGee

She traced the Luni, Quadri and Tognini families who all came from Castelnuovo, Tuscany to Cumnock, whose cafés are gone but are fondly remembered. Read about them [here](#)

Migration stories

We are getting some great stories for our project called Many a Lang Scots Mile including a Cumnock man who had a mountain in Antarctica named after him: Mount McGhee!

Any submissions should be in by the end of May. The aim is to have a book ready by November.
